SCHOOL FUND MINUTES

Date	COMMENTS FROM STAFF CONSULTATIVE COMMITTEE MEETINGS
17.8.21	• School Fund – ○ sitting at approx just under £9000 which is a healthy balance. ○ Some new computers have been paid for from School Fund. Teachers and support staff should let Jess have orders for new learning materials which will benefit children's learning. Early years will benefit from new learning games/jigsaws/ play equipment. Also outside play equipment. ○ Constitution of SCC to be changed to allow quicker decisions for some spending and to amend quorum of Finance Committee to three. Committee will consist of Chairperson (HT), Treasurer and 2 members. Paperwork necessary for this will need to be completed soon (Jess to organise).
11.11.21	• School Fund – currently £7202.51. Parent Council will pay subs for Renaissance Learning and Seesaw, totalling over £1200, so School Fund balance will end up about £6000 once this is paid for. • Parent Council are trying to access money tied-up in the closed Nursery. This could amount to about £20000. Parent Council have asked for a 'wish-list' for spending this money – may be Outdoor Learning and IT resources (rep from Outdoor Learning centre is coming to school 2.12.21 to make recommendations).
16.2.22	Due to a high level of computers/iPads requiring to be replaced and funded by the school in the next few years the following will be purchased from the School Fund and DSM budgets.

	• **DSM** 3 iPads for pupil use totaling £823.98. This will use up most of the remaining budget for this session. • **SF** 4 Laptops for pupil use totaling £1575.92 This will leave a balance of around £4,000. Parent Council are still trying to access money from the Community Council resulting in the local nursery closing. The Wish List is still in place but there appears to be a delay in accessing funds and talks are still ongoing.
